Thank You Genesis Mining for giving myself and many others an opportunity to invest in this new industry.

Published on 27th November, 2017. Ether 40 Mhs contract Genesis mining contracts absolutely worked for me I have been mining on my own and with the group buys since 2013.. My estimate for ROI at the end of the contract is 160% But let's see how it has done by November 2019 Thomas S.

I decided to go for the two-year Ethereum contract, one of the coins I also mine my self and a crypto-coin That has done well for me.. I have since purchased a few contracts from you and look forward to using a currency that will not deprecate in value such as the one I am currently holding some savings in. Mtgoxbitcointrade published on 26th January, 2018 Genesis Zcash Mining Since I have been mining with Genesis I have seen them doing everything they can do to help their customers.. Don't just take my advice learn and review your risk and rewards before investing but nonetheless contracts from genesis mining are a hassel free option for future coin holding.. Many of your very happy and satisfied customers chose to post videos describing the service you provide.. No matter if you are just starting or if you have been with them for a long time they see everyone as part of the team!Find out what your expected ETH and USD return is depending on your hash rate, power consumption and electricity cost.. From advice to implementing new ways to help save money in transaction fees, we have all seen Genesis hard at work to make it better for everyone that is part of the best cloud mining group in the world.. Cloud Mining Calculate the Our You can compare all Bitcoin and Ethereum cloud mining.. Lost a lot of money when group buys didn't get delivered the promised and paid for mining machines from black aero, and made some too. 0041d406d9 [Best Ssd Drives For Mac](#)
